## After School Club

### June/July Newsletter

#### What's been happening in After School Club:

Exploring nature in the park, building dens, playing sports games and races, having fun with shaving foam.

We have been exploring ice in many ways i.e., melting and painting ice, building with ice, using tools to uncover animals and other treasures within. And of course, having ice lollies to keep us cool in hot weather.

Conducting science experiments such as lava lamps, volcanos and elephant toothpaste.

#### Reminders:

As the weather finally looks like we might get a bit of summer for the remaining days of this term, please may all children bring their sun hats and water bottles. Sun cream is provided by us and will be reapplied at the after-school club. Thank you.

Dates for your diary:

Sat 20 July

Please come and see  
after school club stall  
at St. Mary's Summer  
fair this weekend.

Wed 24 July

Last day of term. We  
will collect children  
one hour earlier for  
one extra hour of fun.

Summer holidays:

25 July 2024 -

3 September 2024.

Look forward to seeing  
you back on Wed 4<sup>th</sup>
